DISCUSSED LIFE OF DAVID LIVINGSTONE.

Union Lyceum Held Interesting Meeting at Grace Memorial Baptist Church.

The Union Lyceum held a meeting Sunday afternoon at the Grace Memorial Baptist church, with Speed Evans presiding. The devotional exercises were led by H. Payne. The subject of the meeting was David Livingstone, and was opened by Williams Fields, assisted by Mrs. Lydia King. It provided an interesting subject and some very interesting facts were brought out about the life of the great missionary during his travels in Central Africa. There were remarks by H. Payne.

The programme next Sunday is in charge of Misses Mildred Harris and Julia Epps.

MARDI GRAS AT THE AUTO SHOW

Large Crowd Attended Closing Night Demonstration on Saturday.

The first automobile show Norwich has ever had is a thing of the past but it leaves in its wake a favorable impression for a larger one next year and its record is one that the local dealers can feel proud of.

In a matter of sales it reached a point undreamed of by the local dealers and for this reason it has obtained a place on the calendar of yearly events.

The closing night on Saturday saw a large crowd elbowing their way in and out, back and forth down the aisles while Drew's orchestra with Arthur Campbell, soloist, furnished music. And Saturday evening was Mardi Gras night which put a fitting climax on the whole week's show.

INITIATED TWO MEMBERS.

A-Sharp Class Planning For Their Annual 'Bus Ride.

At a meeting of the A-sharp class at the home of Miss Mildred Mellor on Maple court, Monday evening, the Misses Blanche Armstrong and Dorothy Rawson were initiated into the society. After the regular routine business was transacted refreshments were served by the hostess and music was enjoyed.

Arrangements were completed for the society's annual 'bus ride to be held in the near future.

Fall From Ladder.

Peter Vine of New London, 57 years of age, received injuries shortly after 4 o'clock Saturday afternoon, when he fell from a ladder at the planing mill of the Charles E. Burgess Co., of 141 Shaw street. He is a patient at Lawrence hospital, suffering from fractures of two fingers on the right side, lacerations on the right arm and possible internal injuries.

GRANITE WORKERS GIVEN RAISE

Cutters, Tool Sharpeners and Polishers to Receive Fifty Cents an Hour After April 1—Five Local Companies Signed Articles of Agreement.

Announcement was made on Monday that the granite workers in Norwich, New London and vicinity are to receive a minimum wage of fifty cents an hour after April 1. This is an increase of seventy-five cents a day as they are now receiving \$3.25 a day. A committee of three, William Mahoney, William Bobbin and Frank C. Smith waited on the local dealers with the result that all of the five have signed the agreement which is to run until 1920, or possibly longer. Heretofore there have been only three union shops in the city but from now on there will be five union shops. The five local dealers who have signed the agreement are Charles A. Keubler Co., John C. Quinn, R. H. Snow, P. J. Harrington and Daniel Driscoll.

According to the agreement which is made with the New London branch of the G. C. I. A., the wages of granite cutters, tool sharpeners and polishers shall be fifty cents per hour minimum. Any man who may be incapacitated through old age or physical disability from doing work may be allowed to work for less than the minimum rate by the sanction of the branch.

Wages are to be paid every Saturday and not over four days are to be retained. All workmen discharged are to be paid at once in cash and

workmen leaving voluntarily are to give 24 hours' notice. Eight hours is to be the working day and the week will be a five day week, Saturday of each week to be a four hour day.

All work done outside the regular working hours shall be counted time and a half. Double time is to be paid for all work done from the time darkness sets in until daybreak. Double time for Sundays, holidays, those named to include Decoration Day, Fourth of July, Labor Day, Thanksgiving and Christmas. No overtime is to be worked without the approval of the adjustment committee.

Any manufacturer or quarry operator who sells finished or rough stock to unfair firms shall be declared in opposition.

In regard to possible disputes the agreement states:

Should a dispute arise between employer and employee as to the faithful performance of this agreement, which can not be settled by them, or should any other subject be in contention which is not fully or specifically provided for in this agreement, such dispute shall be referred to a committee on arbitration, said committee to select a disinterested person to act as umpire whose decision shall be final and binding on both parties.

The committee in charge of the dance comprises Thomas Brennan, chairman, Jeremiah Desmond, James Burke, Joseph Sheridan, Thomas Leahy, John Cunningham, William Malone, James Stanley and George Driscoll.

WILL EXEMPLIFY FIRST DEGREE ON CLASS.

White Cross Council Planning Special Meeting For Near Future.

White Cross council, No. 13, Knights of Columbus, held a largely attended meeting, Sunday afternoon in the council chamber, in the Sunlight building. A number of applications for membership were received and several applicants were elected to membership. Grand Knight Frank P. McNamara and Past Grand Knight J. Edward Driscoll were elected delegates to attend the state assembly to be held in Derby, on May 16th, and John M. Lee and Charles O. Murphy, were elected alternates.

Owing to the large number of applications that are being received, at this time, it was decided to hold a special meeting the latter part of this week for the purpose of exemplifying the first degree on a class of candidates that are now eligible. The council is arranging for several social events to take place soon after Easter.

ANOTHER ELECTION FOR THE JUNIOR MAJOR

Vote on Saturday Showed No Material Change in Situation.

Officers of the Connecticut Coast Artillery corps have been notified that a third election for junior major of the corps will be necessary Saturday the second election was held, but like the first, which was held Saturday, March 11, did not return a sufficient number of votes for any of the candidates to bring about election.

The vote of Saturday did not show any material change. Just as on the first balloting the leading candidates were Capt. E. L. Darbie of Danielson and Capt. Albert Mossman of South Norwalk. New London officers favor the candidacy of Captain Darbie.

The third ballot has been set for next Saturday in order from the adjutant general's office. If no choice is made at that time, it is expected that no further votes will be taken, the choice being left to Governor Holcomb.

ANOTHER SUBMARINE FOR THE NAVY YARD

D-3 Will Arrive on Tuesday From New York to Join Local Fleet.

Submarine D-3 will arrive at the Navy yard base Tuesday from New York to join the local fleet of undersea craft. The newcomer will make a total of four submarines at the New London station. A rumor to the effect that several more submarines would arrive there in a few days gained circulation but has not been heard at the base but official confirmation was lacking. It was stated there Monday, however, that in the near future the fleet will be increased to nine. Arrangements for their reception will be made as soon as the weather opens.

DECREASE IN TUBERCULOSIS

Death Rate Shows Drop of More Than 25 Per Cent. in Decade.

While the latest report of the bureau of the census shows that in 1914 tuberculosis caused over 10.5 per cent. of all deaths, the registration bureau of the United States. The National Association for the study and prevention of tuberculosis points out in a statement issued today that the death rate from this disease is steadily decreasing, having declined from 20.7 per 100,000 population in 1904 to 14.8 in 1914. This would indicate that the association claims, that the anti-tuberculosis movement organized in the last ten years is having a marked effect on the tuberculous population, especially since the death rate from this disease seems to be declining more rapidly than the general death rate from all causes.

Commenting on this decrease in the rate from tuberculosis, the bureau of the census says: "As a result of a more general understanding of the laws of health, the importance of fresh air, etc., due in part, no doubt, to the efforts of the various societies for the prevention of tuberculosis, there has been a most marked and gratifying decreasing during recent years in the mortality from this scourge of civilization. In only a decade—from 1904 to 1914—the death-rate from tuberculosis in all its forms fell from 20.7 to 14.8, the 100,000, the decline being continuous from year to year. This is a drop of more than 25 per cent."

As an indication of the growth of the campaign against tuberculosis, The National Association for the study and prevention of tuberculosis shows that in 1905, when the campaign was definitely started, there were in the United States only thirty-nine anti-tuberculosis associations, 115 sanatoriums and hospitals, twenty special clinics, no open air schools and not more than 5,000 people actively interested in the prevention of this disease. At the close of the year 1915 there were over 1,500 anti-tuberculosis associations, 600 sanatoriums and hospitals, 450 dispensaries, 800 open air schools, and over 100,000 people actively interested in the prevention of tuberculosis. Besides this the fundamental truths that tuberculosis is a communicable, preventable and curable disease have been carried into almost every village and hamlet and to millions of men, women and children in a great variety of ways.

Does Not Think Militia Will be Called

General George M. Cole, who has been in Washington during the past week, on business with the division of militia affairs of the war department, said today that he did not think the militia would have to be used in the present Mexican trouble. He was of the opinion that the militia would be called on of the southern states would be called on, first, particularly the cavalry and field artillery. General Cole was in the house gallery during the debate on the preparedness bill.

Forty years ago tea was too dear to be an ordinary beverage in the average household.

First Rifle Match.

The Tenth Company Coast Artillery Corps, will have its first rifle match at their armory on the evening of April 1. Men with a score of 140 or over out of a possible 150 are ranked as the first class men. The Tenth company has a fine record. It is one of the two coast artillery companies ranked in Class A for the state shoot.

Steamer Block Island, so familiar a figure here, is being used as a "hotel" for strikebreakers at Fall River, Mass. The Block Island was sent there a few days ago to be used for that purpose.

Doctor Says Nuxated Iron Will Increase Strength of Delatone People 200% in Ten Days

In many instances—Persons have suffered untold agonies for years doctoring for nervous weakness, stomach, liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood—How to tell.

New York, N. Y.—In a recent discussion Dr. E. Sauer, Specialist of this city said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood loses the power to change food into living tissue and therefore nothing you eat does you good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this condition the blood and nerve starvation, people become generally weakened, nervous and all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night; others are sleepy and tired all day; some fussy and irritable; some skinny and bloodless and all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicines, or narcotic drugs, which only whip up your fading vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not getting well, call your attention to yourself to make the following test. See how long you can work or how far you can walk without becoming

ing tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the time, double and even triple their strength and endurance entirely for new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The only trouble was that the old forms of inorganic iron like tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated, and for these reasons they frequently did more harm than good. But with the discovery of the power of organic iron from all this has been overcome. Nuxated iron, for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial.

NOTE—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they authorize the announcement that they will forfeit \$100.00 to any charitable institution if they cannot take any man or woman under strict who lacks iron and increase their strength 200 per cent. or over in four weeks' time, provided they take no serious organic trouble. Also they will refund your money in any case in which Nuxated Iron does not at least double your strength in ten days' time. It is dispensed in this city by Chas. Osgood, Lee & Osgood, and all other druggists.
